TUFTTEK [MattressTuftingMachine]

[MachineDescription]

TUFTTEK - Mattress Tufting machine.

Designed to Tuft today's deeper premium mattress sizes up to 500mm deep with a 350mm of compression and is capable of handling mattress of up to 2.1m x 2.1m.

With our new automatic loading height adjustment, mattresses can easily be loaded by hand or directly from a conveyor. The loading frame can automatically lower to 875mm (adjustable) to be easily integrated with our indexing conveyors to remove the need for manual handling of the mattress.

MATTRESSTEK are focused on high performance, only using leading suppliers and high quality components to reduce downtime and improve efficiency.

MATTRESSTEK machines are designed to be maintenance friendly, mechanical and electrical assemblies can easily be replaced and simply plugged in, reducing the need for an electrical / mechanical technician.

ALL MATTRESSTEK machines are designed, manufactured and built at our premises in the UK, by our team of experienced fabricators and machine builders.

Prior to shipment all machines are meticulously tested and trialled on customer samples.
