

180FLIPTEK

180° Flip Up Conveyor

Machine Description

180FlipTek Fill Up Conveyor

Automatically flips any mattress up to 2.1m x 2.1m.

Comprising two powered conveyor belts, a large robust rotation motor/gearbox and pneumatically operated rear gate.

We offer numerous mattress flipping / 180° turn conveyor units, to accommodate any manufacturers need.

This machine will flip a mattress 180 degrees. Removing the need for two operators to flip the mattress.

We offer a comprehensive project management service supplying a full factory visualisation, tailored electrical controls, and bespoke machines to achieve the best possible solutions for all industries.

MATTRESSTEK are focused on high performance, only using leading suppliers and high-quality components to reduce downtime and improve efficiency.

MATTRESSTEK machines are designed to be maintenance friendly. Mechanical and electrical assemblies can be easily replaced and simply plugged in, reducing the need for an electrical/mechanical technician.

All MATTRESSTEK machines are designed, manufactured and built at our premises in the UK, by our team of experienced fabricators and machine builders.
